In sincerest appreciation for and in acknowledgment of your generous gift made towards the University of Johannesburg

On behalf of the University of Johannesburg (UJ), we would like to extend our sincere gratitude to you for your generous donations and contributions made to the University of Johannesburg over the years. Through your contributions and tremendous generosity, we are breaking the education poverty cycle for thousands of our students and thus becoming a powerful driver of socioeconomic development and growth that we at UJ find our passion. Your gifts are undoubtedly assisting the University to capacitate academically and financially deserving students to complete their studies and enable them to create an established future for themselves, their families, the communities which they serve, as well as furthering the economic growth and progress of the country, which will benefit generations of South Africans in years to come.

We therefore greatly appreciate your contributions made in helping us becoming an international university of choice, anchored in Africa, dynamically shaping the future for our youth geared for the real world.

Please find the enclosed the tax certificate in terms of section 18A of the Income Tax Act, 1962 of South Africa.

We look forward to a long lasting, mutual, and beneficial solid partnership.
